1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Trade name: LAMPOSILEX
Product type and use: Special hydraulic binder.
Supplier:
MAPEI S.p.A. - Via Cafiero 22 - Milan - ITALY
Emergency telephone number of the company and/or of an authorised advisory centre:
MAPEI S.p.A. - Tel. +(39)02376731
Poison Centre - Ospedale di Niguarda - Milan - Tel. +39/02/66101029

2. COMPOSITION/INFORMATION ON INGREDIENTS

Hazardous components within the meaning of EEC directive 67/548 and corresponding classification:
20% - 24.99% Portland cement, Cr(VI) < 2ppm
CAS: 65997-15-1   EINECS: 266-043-4
Xi R36/37/38 R43

5% - 9.99% calcium hydroxide
CAS: 1305-62-0   EINECS: 215-137-3
Xi R41

3. HAZARDS IDENTIFICATION

If brought into contact with the eyes, the product causes irritation that may last for over 24h, if inhaled, it causes irritation to the airways, and if brought into contact with the skin it causes significant inflammation with erythema, scabs, and oedema.
If brought into contact with the skin, the product may cause sensitisation of the skin.

4. FIRST AID MEASURES

Contact with skin:
Areas of the body that have - or are only even suspected of having - come into contact with the product must be rinsed immediately with plenty of running water and possibly with soap.

Contact with eyes:
Wash immediately and thoroughly with running water, keeping eyelids raised, for at least 10 minutes. Following this, protect the eyes with sterile gauze or a clean, dry, handkerchief.
OBTAIN A MEDICAL EXAMINATION.
Do not use eyewash or ointment of any kind before obtaining an examination or advice from an ophthalmologist.

Swallowing:
Wash the mouth thoroughly and drink plenty of water. In case of disease consult a physician immediately and present this safety-data sheet.

Inhalation:
Ventilate the premises. The patient is to be removed immediately from the premises contaminated and made to rest in a well ventilated area. Should the patient feel unwell, consult a physician.

5. FIRE-FIGHTING MEASURES

The product does not present a fire hazard
Extinguishers not to be used:
None in particular.
The original ingredients or unidentified toxic and/or irritant compounds may be present in the combustion fumes.

6. ACCIDENTAL RELEASE MEASURES

Measures for personal safety:
Environmental measures: None in particular.

Cleaning methods: Rapidly recover the product. To do so, wear protective clothing. Scoop into containers and seal for disposal. After the product has been recovered, rinse the area and materials involved with water.

7. HANDLING AND STORAGE
Handling precautions: Avoid contact with skin and eyes and exposure to high dust concentration.
Incompatible materials: Keep away from water or from damp surroundings.
Storage conditions: Always keep the containers tightly closed.
Instructions as regards storage premises: Adequately ventilated premises.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION
Precautionary measures: Give adequate ventilation to the premises where the product is stored and/or handled.
Respiratory protection: Not needed for normal use. Use adequate protective respiratory equipment, when above TLV. A dust mask should be worn if above exposure limits.
Protection for hands: Use protective rubber gloves. Neoprene gloves are suggested (0,5 mm) not recommended gloves: none
Eye protection: Safety goggles.
Protection for skin: Use clothing that provides comprehensive protection to the skin.

All the individual protection devices must be consistent to CE relevant standards (as EN 374 for gloves and EN 166 for goggles), maintained efficient and stored in a appropriate way. The life of the protection devices against the chemical agents depends on various factors (the way they are used, climatic factors and storage conditions), that can remarkably reduce also the life foreseen by CE standards. The consultation of the supplier of the protection devices is always recomandated.
The education of the worker to the use of the equipment devices is mandatory.

Exposure limit value of single components:
Portland cement TLV TWA:: (polvere)10 mg/m³
calcium hydroxide TLV TWA:: 5 mg/m³

9. PHYSICAL AND CHEMICAL PROPERTIES

Apparent density: 1.4-1.5 g/cm³
Solubility in water: partly soluble
Lipid solubility: insoluble

10. STABILITY AND REACTIVITY
Conditions to avoid:
Stable under normal conditions.

11. TOXICOLOGICAL INFORMATION
Route(s) of entry:
Ingestion: Yes
Inhalation: Yes
Contact: No
Toxicological information related to the product:
No toxicological data are available at the moment on the product itself.
The concentration of each substance should be borne in mind in assessing the toxicological effects deriving from the preparation.
calcium hydroxide
LD₅₀ (orale, ratto) = 7340

Corrosive/Irritating Properties:
Skin:
The product can cause irritation by contact.
Eye:
The product can cause irritation by contact

Sensitizing Properties:
Frequent and prolonged skin contacts with cement paste may cause dermatitis.

Cancerogenic Effects:
No effects are known.

Mutagenic Effects:
No effects are known.

Teratogenic Effects:
No effects are known.

Additional Information:
Susceptibility to skin irritation and sensitization varies from person to person.
In a sensitized individual the allergic dermatitis may not appear until after several days or weeks of frequent and prolonged contact.
Therefore, even though the skin irritation potential is slight, skin contact should be avoided. Once sensitization has occurred, exposure of the skin to very small quantities of the material may cause erythema and edema.

12. ECOLOGICAL INFORMATION
Adopt sound working practices, so that the product is not released into the environment.

13. DISPOSAL CONSIDERATIONS
Recover if possible. In so doing, comply with the local and national regulations currently in force.
Disposal of hardened product (EC code): 17 01 01
Disposal of not hardened product (EC code): 17 01 01
The suggested European waste code is just based on the composition of the product.
According to the specific process or application field a different waste code maybe necessary.

14. TRANSPORT INFORMATION
UN Number: ===
Rail/Road(RID/ADR): no dangerous good
15. REGULATORY INFORMATION
Classification and Labelling according to EC Directive 99/45:
Symbols:
Xi Irritant
R Phrases:
R36/37/38 Irritating to eyes, respiratory system and skin.
R43 May cause sensitization by skin contact.
S Phrases:
S22 Do not breathe dust.
S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S24/25 Avoid contact with skin and eyes.
S36/37 Wear suitable protective clothing and gloves.
Contents:
Portland cement
