

## MAPEI Technical Institute, 2019 Schedule (2<sup>nd</sup> half of the year)

MAPEI Technical Institute (MTI) provides the highest-quality, fundamental and advanced product knowledge with demonstrations and hands-on training at the following MAPEI locations in the USA: Deerfield Beach (FL), San Bernardino (CA), Garland (TX), Dalton (GA), West Chicago (IL) and Swedesboro (NJ). Classes in other locations may be added as needed or requested.

### MAPEI offers 2 types of educational classes

#### FST (Fundamental Systems Training)

An overview of product knowledge with industry standards, product demonstrations and hands-on class participation

- FST-TSIS = This class on tile and stone installation systems covers surface preparation, moisture mitigation, waterproofing, crack isolation, tile and stone installation systems, grouts, sealers, finishes, and cleaners for stone/tile/grout. One- and two-day classes are available.
- FST-FCIS = This class on floor-covering and wood installation systems covers surface preparation, moisture mitigation, patching, sound reduction, carpet adhesives, resilient flooring adhesives, wood flooring adhesives and MAPEI's *Ultracoat*<sup>®</sup> system for wood floors.

#### AST (Advanced Systems Training)

A strategic, innovative approach to training, development and education utilizing MAPEI specialty products and systems, along with product demonstrations and hands-on class participation

- AST-SPM = This class on surface preparation and moisture mitigation aids the discerning trade professional by addressing products and systems that help achieve surface preparation and moisture level requirements in concrete slabs.
- AST-GPT = This class on gauged porcelain tile, geared to contractors, features thin-tile installation demonstrations by industry professionals.

Deerfield Beach (FL)	Dalton (GA)
	June 19: FST-TSIS
